

Supply Chain Management Internship

GP JOULE PV Canada Corp. is a subsidiary of GP JOULE GmbH, a diversified renewable project developer and Engineering, Procurement and Construction (EPC) service provider headquartered in Reußenköge, Germany with offices across Europe, the US and Canada. The Americas team is focused on renewable project development as well as full turnkey EPC services for the North and Latin American markets. Headquartered in Toronto, Ontario, Canada, with satellite offices in California, and Calgary, we specialize in ground mount solar photovoltaic installations for both commercial and utility scale projects and can offer unique solutions in short and long term financing.

As a growing international private company, GP JOULE values authenticity, fair business practices, innovation, quality and zest for life. We look for highly-spirited people embracing those same core values to join us!

About the Opportunity

As part of its expansion in North America, GP JOULE has launched a new Products Division focused on developing, designing, managing, selling, delivering (manufacturing, quality, site support, logistics) and maintaining (engineering change management, warranty, etc.) a series of proprietary Solar PV systems and solutions (PHLEGON® Single Axis Tracker, CULTIVECO PV Greenhouse, Carport, PV Foundations, etc.), all complementary to GP JOULE's core business in Project Development and EPC. As such, the company is looking for talented individuals eager to learn and grow in a fast-paced and entrepreneurial environment.
